

Bombardier Announcement

Remarks by Gov. Jan Brewer
Wednesday, January 18, 2012

Good morning, everyone.

I'm thrilled to be back in Tucson at Bombardier's service center.

Four months ago I was here to help announce Bombardier's plans to expand its operations in Tucson.

And, I'm delighted that you've invited me back for another visit with the staff of Bombardier to see the important work you do, as you continue along the path to future success.

I know that for more than 30 years, you've been a good neighbor -- and job creator -- and we appreciate Bombardier's unrivaled commitment to service and expert maintenance supported by skilled technicians.

I know that it's a team effort.

Gary Martin -- I thank you for your hard work and for being such an important part of Tucson and Arizona.

Bombardier is a strong asset to Arizona, and thanks to the tools provided in the Arizona Competitiveness Package, and the strong collaboration between the ACA and the Tucson Regional Economic Organization, Bombardier will continue its presence in Arizona. That means more jobs, more capital investment, and more growth.

Again, thank you for inviting me here – and I look forward to what the future has in store for your great company.
